

RUSTIK

- ▶ A range of decorative, joint-free stone carpets that bring the vibrancy of the outdoors inside.

Rustik Range Technical Profile

Rustik, Flowcrete's range of decorative stone carpet systems, delivers a wide range of natural and contemporary tones to suit both indoor and outdoor environments.

Whether in a retail or office environment, leisure complex or showroom, Rustik won't fail to impress. Boasting slip and chemical resistance, as well as superior durability, Rustik transforms dull commercial environments whilst delivering a floor finish that withstands cleaning products and chemical attack, provides a safe finish underfoot and stands the test of time.

Rustik can be installed in a variety of patterns using brass or aluminium trims, which are laid on the surface of the floor in a matrix that designates each area of the design. Rustik is then simply used to fill each shape, using contrasting colours to create a truly unique and personalised design.

What's more, the Rustik range benefits from a speedy installation process, reducing impact on trade in commercial businesses, where keeping downtime to a minimum is crucial.
