

MICRO-CEMENT FLOOR TOPPING

FLOWSCREED MICRO

Flowscreed Micro is a two-component, hard wearing micro-cement floor topping.

Flowscreed Micro is designed for contemporary interiors looking to achieve a natural-look concrete palette, with a highly abrasion-resistant finish. Available in a wide selection of natural colours and tones, along with expressive application techniques, no floor will ever look the same.

The system is formulated using high-grade cement with a special polymer resin and selected aggregates, additives and unique pigment paste.

Ideal for use in commercial environments such as resorts, hotels, showrooms, restaurants, cafes, lounges, art galleries and offices.
